COUNCIL PROCEEDINGS

Tenders for Coal and Drugs Considered---Monthly Reports Received—Big Batch of Routine Business Disposed of.

The regular meeting of the city council was held on Wednesday evening with all present excepting Mayor Walker and Ald. Wallace.

The minutes of previous meeting was adopted.

The undermentioned correspondence was read and dealt with:—

From E. J. Davies, secretary of Board of Health advising the Council that the owner of Lots 1 and 2, Block 19, had been notified that the property must be put in a sanitary condition, also calling attention to condition of Lunsdowne St. East (opposite Royal Hotel), and Stanley St. West. Dudgeon-Gothard—That letter be filed, and the Public Works Committee be instructed to remedy matters referred to in same.

Dr. Stevensonfs report for month of May was received and filed.

The Imperial Bank wrote stating that they had no desire to purchase the balance of the unsold debentures and suggesting that the same be advertised. Dudgeon-Gross—That letter be laid on the table. Carried.

The Imperial Bank suggested the advisability of changing the unsold Waterworks debentures from 50 years to 30 years, and the interest from 5 to 6 per cent. Enman-Gross—That letter be laid on the table. Carried.

The Merchants Bank requested a statement of the amount of taxes collected for school purposes, and a cheque for the amount Dudgeon-Gothard—That the Secretary-Treasurer be instructed to give the Merchants Branch the statement requested, and also issue a cheque for the amount of taxes collected for public school purposes. Carried.

The Northwest Drilling Co.—Requested that contract for drilling the Gas Well be signed by the Mayor and Sec.-Treasurer. Enman-Dudgeon — That they be notified that the Bond Submitted by them is not satisfactory to the Council, in respect that clause No 3 provides for a penalty of 10 p. c. only of the total penalty. Carried.

J. H. Knowlan requested that he be allowed to rent a strip of the Fair Ground. Dudgeon-Enman—That Mr. Knowlan be notified that the City has no power to lease the property referred to. Carried.

James M. Armstrong wrote asking if City is in need of gravel. Enman-Gross—That letter be filed. Carried.

Chief of Police James report for May was read and filed.

Chief James called attention to License By-Law re shows. Dudgeon-Gross—That communication be referred to Police, Market, License and Relief Committee. Carried.

A petition for electric light was received by O. B. Krifler, Mrs. Brodie, Fred. Paulson, Ralph H. Walker, and John G. Ward.

Tenders for the supply of drugs were received as follows: F. T. Ball: Creoline in 5 gallon lots, $1.60, container extra. Formaline in 5 gallon lots $2.50 container free.

H. L. Higgs.—Creoline in 5 gallon lots, $1.50 per gallon. Formaline in 5 gallon lots, $1.65 per gal.

Gross-Enman—That tender of H.L. Higgs be accepted, and that 5 gallons of creoline be ordered at once.

Tenders for coal were then opened as follows; all quotations being F.O.B. Wetaskiwin:

Clover Bar.

mine run Coal $3.55 per ton.
Screened Coal, $4.05 per ton.

Great West Coal Co.

Black Diamond Lump, $4.35 per ton.
Mine Run,$3.75 per ton.
Slack Coal $2.50 per ton.

Battle River Collieries.

Screened Lump, $3.55 per ton.
Screened Nut, $2.05 per ton.

Western Coal and Coke Co.

Screened Lump, $6.10.
Run of Mine, $5.00.

Twin City Coal Co.

Lump, $4.50.
Mine Run, $3.70.
Lump and Nut $4.20.
Nut and Slack, $2.30.

The Humberstone Coal Co.

Lump 4.40 per ton.
Mine Run, 3.90 per ton.
Nut Coal $3.40 per ton.

The Dobell Coal Co.,

Lump Coal, $3.30 per ton.

Great Northern Coal Co., Ltd.

Screened Lump Coal, $3.70 per ton.
Screened Nut Coal, $2.20 per ton.

D. C. McLean.

Nut Coal, $2.55 per ton.
Egg Coal, $3.05 per ton.
Lump Coal, $4.30 per ton.

Gothard-Gross —That coal tenders be laid on the table, and a sample car of lump be ordered from the Battle River Collieries and Great Northern Co. Carried.

Goss-Gothard—That a plank sidewalk be constructed as a Local Improvement from Schmidt St. to Richelda St, in front of Lots 1 to 10, Block 20, Plan 1715S, and that notice of the Council's intentions to construct the said plank sidewalk be advertised, in accordance with the provisions of the City Charter. Carried.

Dudgeon-Enman—That an advertisement be inserted in the "Times," and one of the Edmonton papers for a second-class engineer for the Power House,—said engineer to hold second-class papers, and salary to be $100.00 per month. Carried.

Ald. Dudgeon submitted list of stationery required for the Power House

Enman-Gothard—That tenders be asked for the stationery required. Carried.

Enman-Gross—That the following wages accounts be paid:—General $39.-35. Waterworks $146.20.

Enman-Gothard—That all electric-light delinquents be disconnected at once.—Carried.

Dudgeon-Gothard—That a charge of $1.00 be made for re-installation of Electric Light meters. Carried.

Dudgeon-Gross—That the Chief-of-Police be instructed to notify the A. & W. Sales Company that they must adhere to the provisions of the License By-Law. Carried.

Meeting adjourned.

The departmental examinations for Grades VIII, IX and X will be held this year on June 23rd, 24th, 25th, 26th, 27th, 28th and 30th at Wetaskiwin,

AGRICULTURAL SOCIETY

Will Hold Bigger and Better Fair Than Ever This Year—Big Race Meet Will Be One of the Attractions.

A meeting of the officers and directors of the Wetaskiwin Agricultural Society was held in the council chamber on Saturday afternoon, with a good attendance. The meeting was the most enthusiastic ever held, and augurs well for the best exhibition this year in the history of the society.

W. Dudgeon V. S., occupied the chair, and plans were discussed for the fair, which will be held on Tuesday and Wednesday, August 26th, and 27th. One of the attractions will be a big race meet, and the amount of the purses offered will bring the fastest horses here. The prize list will be amended and a committee was appointed to take the matter in hand.

The following committees were appointed and another meeting will be held on Saturday June14th, to receive a report of the work done:

Finance—Messrs C. E. Compton, H. E. Cutler and A. B. Evarts.

Grounds and Buildings—Messrs F. W. Gross, Nels Linden and F. T. Rix

Attractions—Messrs H. L. Higgs, H. E. Cutler and John Berry.

Exhibits—Messrs D. McCallum, Wm Thirsk, and Amos Doupe.

Advertising—Chas. E. Enman, Secretary.

Mr. and Mrs. A. T. Kinnaird of Calgary arrived in the city last Friday evening to visit relatives and friends. Mr. Kinnaird returned Tuesday evening, but Mrs. Kinnaird will remain for some time.

Clayton Hillgartner left a few days ago for Kelowna, B.C. where he will spend the summer. If he likes it this district might lose Mr. and Mrs. Ben. Hillgartner in the fall, as they will move to the coast province.

D. J. McKitterick left on Wednesday morning for his old home in London, Ont., on a month's holiday. Mrs McKitterick and family accompanied him as far as Calgary, where they will visit relatives until his return.

The first Sunday band concert of the season was rendered on Sunday afternoon last by the Wetaskiwin Citizens' Band, at the band stand near the depot. The music was greatly enjoyed by the large crowd assembled.

Fk. Peters of Falun is doing share to improve the quality of the stock in this district, as he recently purchased the imported Percheron Stallion Epatant from Walter Sporle Edmonton. This is a very fine animal, and last year took second prize at the Edmonton Stock Fair.

JUST ARRIVED.—Another shipment of "Columbia" Double Disc Records, at J. H. Robinson's Piano Parlors. Burns Block.—tfn.

WANTED—Reliable firm who can turn in good average business to act as Agent for first class Accident Company transacting all classes of Casualty Business. Would give sole Agency to aggressive andintluentialfirm. Apply Insurance, c.o We taskiwin Times.—11—6tn.

HORSES LOST—Team driving horsesweight 1100 each. One dark bay, branded T Q. under quarter circle on left shoulder; and one light bay branded J J. on right shoulder. $20. reward for information leading to recovery. Wm. Bell, P.O. Box 792, Edmonton. Phone Rural 5406 11-3tn.

"THE CREATION".—You are cordially invited to call at J. H. Robinson's Piano Parlors in the Burn's Block, and hear the above gem reproduced by latest hornless type of "Columbia" Graphophone, exactly as sung by Walter Lawrence, 12 years old, America's wonderful boy soprano. tfn

BOOKCASE FOR SALE, CHEAP.—Solid hard wood. Just the right size. Apply to R.J., Times office. 9—4tfn.

HYMEN'S ALTAR

Two Pretty and Popular Weddings Take Place in the City This Week.

DONALDSON-WEST

One of the prettiest and most popular weddings ever held in this city took place on Tuesday morning last, at 8. 30 in the Presbyterian church, when Miss H. West, youngest daughter of Mrs. John West, was united in holy matrimony to Mr. Joseph C. Donaldson, of Brandon, Man., formerly of Wetaskiwin. The bride and groom were unattended, the bride being given away by her brother, J. Sackville West. The ceremony was performed by Rev. W. A. Mason of Battle River, in the presence of a large number of relatives and friends.

The bridal couple entered the church to the strains of Mendelssohn's Wedding March, which was ably played by Miss Hazel Anderson. In connection with the service, Mrs. H. J. Montgomery, cousin of the bride, rendered a beautiful and appropriate solo, "Thou Art Like a Lovely Flower."

The charming bride wore a grey travelling suit with hat to match, trimmed with cerise. Her only ornament was a pearl necklace, the gift of the groom.

The church was artistically decorated for the occasion with white roses, ferns, palms and June blossoms.

The bride was the recipient of a large number of handsome and costly presents, attesting to the high esteem in which the popular young couple are held by their host of friends.

After the ceremony, the relatives and a few of the most intimate friends returned to the home of the bride's mother, where a sumptuous wedding breakfast was served; the table being beautifully decorated with white bridal roses and ferns.

The happy couple left on the 9.55 train for Banff, where a brief honeymoon will be spent, amidst copious showers of rice and confetti, and the best wishes of their many friends. Mr. and Mrs. Donaldson will reside in Brandon, where the groom is now a successful business man. We join in extending congratulations.

KAISER - REIMER

A very pretty wedding took place on Wednesday afternoon of this week at the home of Mr. and Mrs. Eikerman, when Miss Alma Reimer was united in holy matrimony to Mr. Fred. Kaiser. The ceremony was performed by Rev. O. H. Schmidt. The bride was assisted by Miss. Ella Nieman, while Mr. Otto Reimer performed the duties of best man. A large number of the relatives and friends were in attendance. The bride was the recipient of a large number of useful and handsome articles, as mark of the esteem in which the young couple are held. After the happy couple return from a brief honeymoon trip, they will take up their residence on the farm east of the city recently purchased by Mr. Kaiser.

A business deal took place on Monday when Mrs. Smuck disposed of her billiard and pool room to A. L. Tucker of Edmonton. Mr. Tucker took immediate possession.

Miss Natalia Carlson, who is teaching near Camrose, spent the week-end in the city with relatives and friends. She expects to teach all summer, as she is now in a summer school.

The W.H.M.Society will meet in the school room of the Presbyterian church on Monday June 9th at 4 p.m. There will be a social half hour at the close of the of the programme.

Mr. and Mrs. J. S. Armstrong, of Ontario, Cal., who have been spending a week at the home of the latter's sister, Mrs. V. C. French, left on Tuesday morning en route for the coast.

The Willing Workers of the Presbyterian church will hold a tea and food sale at the Palms Cafe on Saturday ythe 7th from six till eight p. m. The cook book will also be on sale.

A number of the members of Wetaskiwin Lodge No. 8, I.O.O.F., went to Camrose on Monday evening to assist brothers from Edmonton and Calgary in reviving the lodge at that point.

The tenders for the concrete work in connection with the Normal School at Camrose were opened in Edmonton by Deputy Minister of Public Works, John Stokes, on Monday last. They were all found to be too highand were consequently rejected.

RIFLE ASSOCIATION TO BE FORMED

Meeting Called for Monday Next At the Council Chambers

A meeting of all those interested in the organization of a rifle association in this city will be held at the council chamber on Monday evening next at eight o'clock.

An agitation has been going on for some time to have an association formed here, as it is felt that everything possible should be done to permit the members of "C Squadron 35th Central Alberta Horse" to attain the highest efficiency in the handling of the rifle, although there is no obligation on the part of anyone joining the rifle association to affiliate himself with the squad.

As soon as this association is formed, there should be no difficulty in securing a location for a rifle range in the hills adjoining the city on the west. This could doubtless be procured at small cost, and the initial cost of erecting targets would be reduced to the minimum.

It is not unlikely that the corps of Boy's Scouts in connection with the public school would join the rifle association in a body, as they already have their rifles and ammunition, which has accumulated for several years.

We might state that the government provides a rifle and one hundred rounds of ammunition to each man joining the association absolutely free, and additional ammunition is provided at actual cost to the government. Neither drill or uniform is demanded. The business of the members is simply to learn to shoot well with the Ross or the Lee-Enfield rifle. The association bonds each rifle to the extent of $25.00.

Let there be a large attendance at the meeting on Monday night so that the organization will start off with encouragement and enthusiasm.

Alberta not only has a compulsory education law, but is preparing to enforce it strongly. A truancy branch of education department is being organized, with an official in charge, and under him will be a number of inspectors, whose duty it will be to inquire into all cases of irregular attendance at or truancy from school. The province will be divided into district over each of which an inspector will exercise jurisdiction, and, where moral suasion is without force, necessary prosecutions of delinquent parents will take place.

Town Topics

Miss Alma Schedar from Stroma was here a few days visiting with Mrs. B. M. Grein.

Mrs. Herman Coles and son were here on a visit for a few days with Mrs. B. M. Grein.

Mr. Draper of Quebec is spending a few days in the city visiting his sister, Mrs. C.O. Swanson, and other friends.

Mrs. H. I. Millar left on Friday morning last for the cost, where she will spend some time with friends and relatives.

Albert Rodell, of Prince Rupert arrived in the city a few days ago to look after business affairs, and to renew old acquaintances.

Norman Gardner of Cranbrook, B. C., spent a short time in the city this week on his way to Edmonton on a business trip.

The fire brigade has a run to a burning chimney on Stanley Street east on Friday evening last. Fortunately no damage was done.

Co,. Belcher of Edmonton, but who has been promoted to Calgary, is in the city this week, visiting at the home of Mr. and Mrs. H. W. Nesbitt.

Duncan McPhail, fire ranger at the foot hills west of the city, was renewing acquaintances here on Monday. He was en route for Edmonton to visit his family.

STATUTE OF 1826 INVOKED BY DEFENCE IN SEDGEWICK CASE

Chief Justice Harvey, at the conclusion of the evidence in the case of Edwin Messervey, a farmer of Lougheed, against John Burn, merchant of Sedgewick E. L. Clarke, manager of the Merchants Bank, together with the Burn Grain company, the Merchants Bank, and the Edmonton Trust company, withdrew the case from the jury on the ground that there was no case for them to decide and dismissed the action as against all the defendants with costs.

The case was before the courts all Friday and Saturday and was taken from the jury soon after the opening of the court yesterday. Messervey alleged that he had been induced to invest in the Burn Craig company on false representations made to him by Burn and Clark. This was denied by both defendants.

Evidence was given showing that the company had an overdraft at the bank amounting to $17,000 and had never had much real cash. Messervey put $10,000 into the concern and when it became insolvent and the loss all his money he entered action for $1,000 damages or an order directing the return of his money, by the trustees.

The counsel for the plaintiff were Frank Ford, K.C., A. G. MacKay, K. C., and S. M. Bolton, while for the defence there were H. H. Robertson, representing John Burn, Sydney Woods K. C., representing Clarke, and O.M. Figgar for the Burn Grain company the Bank and the Trust company.

The action was dismissed upon a point of law in the Statute amendments of 1826 which states that before a man can be convicted of false representations the representations must be in writing, also the the evidence had not proved that Messervey had acted on the representations of defendants Burn and Clarke. The defence maintained that Messervey invested of his own accord, and had ample means of finding out the status of the company.

MY DAUGHTER-IN-LAW

(Contributed)

I had a friend who left Canada twenty six years ago. They bought a nice home in Bay City. Her husband was a painter and he got all the work he could do. They were very careful and soon saved up enough money so her husband did not need to work hard. He thought he would take a vacation, and he went to give the men their orders for the week, he would be gone, while he and one of his men were standing near a House, His men were painting, the scaffold gave way and struck the men who were standing on the ground, killing both. Mrs. Wilson heard nothing of her husband's death until he was brought home. Dead. It almost killed her as they had lived so happily together. She little thought when he left the house, that he would not enter it again alive. It seemed too hard for her to bear. Every one who came to the house told her she should not give up like that, and if she did not stop fretting soon she would be taken away also; and then what would become of her boy? She saw she was doing wrong and could not do her husband any good by fretting and it was killing her. She had her boy to live for. And, as he was a kind, good boy, his every thought was for his mother. Even when he grew to manhood, his love for his mother never changed. He took every dollar home to his mother that he earned. His other kept boarders and they got along very well. Harry worked in a store for some years and had become acquainted with a young lady whom he thought was just right and soon they were engaged to be married. Harry told his mother, to his great surprise, she said that would finish her. You will never love your mother again, when you are married. Young girls are always so jealous of their husband's mother and it does not take them long to show their feelings. The mother will be asked to give everything to the daughter in-law, everything she has and at the same time tell the mother-in-law she has no need for any thing, as she is too old, and in the way. I see this sort of thing more and more every day, my boy, but if you are going to get married you will have to get a house for yourselves and as far away as possible from your poor mother". Harry felt so badly, he thought how happy they could all live together. He thought he could have his wife and mother together. He asked his mother if she would go to the wedding and she said: "Harry, it was hard for me to bury your father, and this would be just as hard. I will be left alone again. I could not stand to see the second one taken away from me".

The day of the wedding, his mother went to the graveyard and stayed all afternoon. She just came home in time to get tea for her boarders, who could see she had been crying but they did not ask her any question. They all felt sorry for her and for Harry but they knew they could not live apart.

It was a long time after the wedding before his mother could pass the store, where Harry was working. One day, however, she thought she would pass the store and see if she could see him. She was in front of the store when she met the merchant, who said in a heavy voice: "Good morning Mrs. Wilson, how are you, this morning: Are you coming in to see Harry this morning? He looks as if he has lost all of his friends. I am afraid he is ill. That was too much for her. She walked into the part where Harry was, and she had almost got up to him when he turned around and saw her. They wound their arms around each others neck and kissed each other as if they had not met for years. She got what she wanted from the store, and said you need not send this bill me. I will call for it when I am going home.

That day Harry had gone to see a woman about going to his house to help his wife with some sewing. The door bell rung and young Mrs. Wilson (Harry's wife) went to the door and opened it. Oh, good morning, Mrs. Green, come in, I was afraid you would disappoint me again. Sit down you are so tired, I will get you a cup of tea, just lay your hat and jacket on the table. She soon came in with the tea, and Mrs. Green (who was none other than Mrs. Wilson) was grateful.

What was it you were going to have me make for you? Oh, did Mr Wilson not tell you. I told him to. Well, I want a dress made. Have you a I would rather get something that I think it is nice, but I do not think it will wear very well. If I had been you and your husband working in a store I would have got something better. Well, that is what he said, but I would rather get something that would not cost so much. We have not been married long, only six months, and I have several dresses I had when I was married and my husband always got his mother a dress for her birthday and her birthday is next month. I would rather get a cheaper dress and then he can get his mother a better one. I feel as if his mother has a better right to the best one. Do you like his mother? Well, I guess I do. How could I love my husband, if I did not like his father and mother, who have had all the care and expense of raising him, and he is the best husband in the world. How could I expect my husband to love me if he knew I did not like his mother, and when I know he loves her, and he should love his mother all the day of his life. Well, Mrs. Green says she never come to see you. If I were you I should not like her. I was told she was angry when you and her son were married. I do not blame her. If my mother generally loose her sons, instead of getting a daughter and I believe we ought to give a mother a daughter, instead of robbing her of a son. That is what my mother always taught me and I think she is right.

Young Mr. Wilson exclaimed, "oh! here is my mother, now", as the door opened and his mother came in. Mother, this is Mrs. Green, Mrs Green Mrs. Shaw. We are getting along as fast with my dress, it is allready to try on. While young Mrs. Wilson was trying it on Mrs. Green put her arms around her neck and kissed her and said I cannot blame Harry for loving you, I love you too, and big tears came running down Mrs. Green's face, while young Mrs Wilson and her mother stood still wondering if she were crazy. Mrs. Green did not talk much after that. But young Mrs. Wilson and her mother, Mrs. Shaw were talking about Mrs. Wilson, Harry's mother, and wondering how they could get her measure for a new dress so they could get her dress made so she would not have any bother to get it made. Mrs. Green said, you may be sorry some day for spending your money on her. Young Mrs. Wilsons and her mother, Mrs Shaw, spoke up and said, well, we know her son and we know he has a good heart, and we know his mother must have given him a good early training and we do not want you to say anything against her to us."

Young Mrs. Wilson looked out of the window and saw Harry Wilson coming and she raced to meet him.

He said: "Mother, mother was at the store to day and you do not know how much better I feel to-night" —"Is that so? I wish I could have been there, I would just love to see her," Oh, Harry, Mrs Green speaks real mean about your Mother and said she did not think I would like her". Well, she had better not say that to me and she need not come back to finish my dress".

By this time they were in the house, and Mr. Harry Wilson grabbed Mrs Green, wound his arms around her neck and she hugged him, and said you are Mrs. Green. He turned and said to his astonished wife, "Emma, this is Mother", and this time daughter-in-law and mother-in-law met to part no more.

Harry and wife moved back to mother's house and you never saw a happier family, and his mother said she was proud of her daughter and her son's mother-in-law.

SOLD AT WALKER'S PHARMACY

AN APPEAL FOR BETTER SCHOOL EQUIPEMENT

To the Editor of The Times

Dear Sir:—

As a teacher who is vitally interested in the advancement of education in Alberta I desire to call attention to a defect in school equipment, which has impressed me as being particularly in need of attention. The responsibility for remedying it lies primarily with the school board. But they must have the support of the parents and tax-payers who elected them, and therefore, it is to these as well as to the trustees that I desire to speak.

It may come as a surprise to many whose children are attending country schools to hear a member of the teaching profession admit that in many cases the pupils in Grades one and two are wasting, and worse than wasting, a large part of the time spent in school. I am speaking of schools which have no equipement for manual training in those grades. A moment's reflection will show that the teacher, who, in addition to teaching perhaps twenty lessons a day, has to supervise as many seat assignment has very little time to give to any one class. If each of the two lower grades get three-quarters of an hour each day they may consider themselves fortunate. The rest of the time is spent in drawing, copying of letters and figures, and gazing about the schoolroom. The pupils powers of imitation, expression imagination, and action, are repressed and crushed and he suffers an irreparable wrong. These are the heritage of joyous childhood and if not exercised and encouraged they tend to slip away, leaving undoe their work both of making childhood happy and joyous and preparing the way for the next stage of development. If anyone is inclined to take issue with me and doubt my grounds for such strong statements, let him spend a forthnight in reading some of the latest books on child development At the end of that time I think he will agree with me in saying that under such conditions a child suffers a mental and physical injury, so great as to brand our country schools nas almost criminal.

That such a condition of affairs exist to-day in numberless Alberta schools is a lamentable fact. We are trying to develop the child not in accordance with his natural growth but against it. What then shall we do to save the child, and in some degree at least, clear ourselves of the wrong of which we stand convicted.

The only answer we can give at present is Manual Training. Give expression to the faculties of childhood, their activity of the hand and eye. This is prescribed by the Department of Education and I believe that most teachers are willing and even anxious to introduce it. The teacher realizes that plasticene, basketry, cardboard modelling, weaving, etc., will keep the pupils happily employed while her attention is entered elsewhere, and what is far more important, that this sort of work will exercise and develop those faculties which otherwise must die through lack of exercise, or at best have a distorted growth which will hinder rather than aid future development. The chief obstacle to the introduction of these subjects is the indifference, and "The old way was good enough for me" attitude on the part of trustees and parents. For the sake of saving $20 and even less, the district will refuse to provide the teacher with materials for manual training. I know many teachers whose sympathy for childhood was so great that they paid for these materials themselves. We cannot but censure those parents, not for imposing on the sympathies of the teacher, but for shirking their responsibilities as parents, for refusing to deny themselves a few nickels and in consequence working a lifelong injury upon those whom, unasked, they brought into the world.

Enough has been said to draw attention to the importance of the subject. I earnestly invite all teachers and parents who are interested, which should include all of them, to express their opinions in the press, and in other ways to do as much as possible to work up a sentiment in favor of better manual training equipment, to father a movement for the granting of justice to those who are unable to demand it for themselves.

E. H. KEITH,
Prin. Millet&School

HOW EDITORS GET RICH

After agreat deal of worry and study we have at last figures out how so many country editors get rich. Here is the secret of their success. There is a child born in the neighborhood. The attending physician gets $10. The editor gives the long-lunged youngster a great send-off and gets $0. It is christened, and the minister gets $5, and the editor gets 000. It grows and marries. The editor publishes another long-winded flowery article and a dozen lies about "the beautiful and accomplished bride." The minister gets $10) and a piece of cake. The editor gets $000 and a request to carry the groom's subscription account another year. In the course of time she dies. The doctor gets from $5 to $100, the minister gets from $5 to to $100, the editor publishes a notice of death and an obituary two column long, lodge resolutions, a lot of poetry and a card of thanks and gets $0.000. No wonder so many country editors get rich. —Exchange.

More Home Baking

You will make biscuit, cake and pastry clean, fresh and tasty—better every way than the ready made foods.

Dr. Price's Baking Powder is specially devised for home use, and makes home baking easy and a delight. It will protect you from the dread alum baking powders, which are too frequently found in the ready made articles, and insure you food of the highest healthfulness.

BENEFIT RECITALS

Given By the Pupils of Miss Knight, Assisted By the Best Local and Outside Talent.

Two Benefit Recitals will be given by the piano pupils of Miss Knight next week in the Bijou Theatre. The senior recital will be held Friday evening, June 13th at eight-thirty. The Junior, on Saturday afternoon, June 14th at three o'clock. At the evening recital only a few advanced pupils will play. Mr. Owen Williams, B.A. whose singing was so much enjoyed last year, will again favor Wetaskiwin and Sergt Michel's ability as a violinist is well known to Wetaskiwin audiences. The reading by Mrs. Joseph R. Carruthers of Poe's beautiful poem "The Bells"—with the piano accompaniment, will also prove a treat. Particular attention is called to the last number on the program as it is a decided novelty. The instruments used in this Symphonic are the piano, violin, drum, triangle, nightingale, quail, cuckoo and trumpet. These will be played by several members of the class, assisted by Sergt Michel, Mr. Woods and Mr. Kolb.

At the afternoon recital besides the junior piano members, Miss Knight Miss Wilkins and Miss Bailey will play the Overture to the Caliph of Bagdad. Mr. Williams will again sing and some of the junior class will sing a number of lullabies of foreign countries in costume.

As will be seen by the following program the best has been done to give an enjoyable evening to all who love good music and the price is within reach of all, being only fifty cents for both recitals.

Spanish Dance.....Maszhowski
Miss Ryckman, Miss Donaldson

Adagio from Beethoven Sonata.
Sergt. Michel

MADE-IN-CANADA TRAIN HERE NEXT TUESDAY

When the Made in Canada Exhibition train left Winnipeg a few days ago for a tour of the prairie provinces the attendance had already reached 75,000, Montreal, Ottawa, Toronto Sudbury, Port Arthur, Fort William Dryden, Kenora and Winnipeg having been visited. Mayor Deacon of Winnipeg after a trip through the train made the following statement:

"It is strikingly suggestive of the great opportunity there is in this country for industries that will make what Canadians require for their own consumption. The home market for cottons, woollens, iron and steel goods, rubber goods, boots and shoes clothing of all kinds, flour and cereals and other staple commodities is growing with marvelous rapidity in every part of Canada, but particularly in the western provinces, and every encouragement should be given any industry that seeks to meet that need. Here in Western Canada generally, factory life, though it has made great strides during the past ten yrs is only in its infancy and there is no agency that is doing more to promote industrial growth in this part of Canada than the annual visit of the Made in Canada train. The various exhibits should be visited by all westerners who have the opportunity to do so."

The train will be in Wetaskiwin on June 10, from 3.10 to 5.45 P. M.

COUNCIL PROCEEDINGS L.I.D. 458

A meeting of the council for the above district was held in the office of the secretary on May 22nd, with all the members present.

After the adoption of the minutes of the previous meeting, a financial statement of each division was read as follows: Div. 1, $148.64; div. 2, $425.29; div. 3, $41.93; div. 4, $207.94; div. 5, $72.99; div. 6, $262.05.

It was moved by Rasmusson-Doupe, that the account of Jos. Kapler for work done in the district be not allowed. Carried.

Thompson-Rasmusson—That all persons in arrears for taxes be notified that taxes must be paid before August 1st, or action will be taken to collect same. Carried.

Tenders for the supply of metal culverts were then read from the Pedlar Manufacturing Co., at $588.92 and from the Canada Ingot Iron Co. for $747.

It was moved by Doupe-Gibbon — that the tender of the Pedlar Co., be accepted.

Rasmusson-Thompson—That the secretary notify E. Kelley and H. R. Cherrington that their fences are on the road allowance, and requesting them to remove same.

Gibbon-Rasmusson—That each councillar have his choice of hiring his overseer by the day at $2.50 per day or at the rate of 60c. per quarter.

Coun. Greiner informed the council that the bridge across the river at Lewisville was in need of repair, and asked that the matter be attended to once.

Thompson - Rasmusson—That the councillors be allowed $3.00 per day and mileage for laying out and inspecting road work, and $2.00 per day and mileage for attending meetings, not more than six meetings to be charged for during the year.

Council authorized Coun. Gibbon to purchase three road scrapers from the John Deere Co. at $55 per scraper; also Coun. Greiner was authorized to procure two scrapers and a road grader the price of the grader being $285.

Rasmusson-Doupe—That the next meeting be held on July 5th, when the meeting adjourned.

A large eagle shot some time ago by C. A. Twitchell, northeast of town, has just been received from the taxidermists at Edmonton. It is certainly a fine specimen, having measured seven feet from tip to tip of the wings, and is excellently mounted.—Daysland.

Hugh Taylor, south of Strome, has given an option on his farm, 10-41-14 to the C.N.R. for a townsite. The farmers in that neighborhood are jubilant over the prospect of a town so close, but claim that nothing but Tay for will do for a name, and if this comes about the popular Hugh will have the honor of being the first mayor.—Despatch.

A moving picture history of the Mormon Church is being made at Salt Lake City. The cost of the film will be $50,000, and the story will begin with the supposed finding of the golden plates of the book of Mormon by Joseph Smith. The chief dramatic incidents of Mormon history will be included and the final scenes will show their present day of life in Utah and Southern Alberta.

A valuable young Ayrshire cow owned by T. Hall was killed on Friday at the railway stock yard. It had been at the sale in Red Deer and was taken out of the car with some others but it is claimed the train crew who unloaded the animals neglected to close the gate on the platform and the heifer fell through unto the track below, its neck being broken. It was valued at $155.—Representative

The Hand That Moves The Lever Saves 162-3 Per Cent. of Your Coal Bill

Here is the opportunity for the housewife to deal the high cost of living question a hard jolt without any effort on her part.

The way is to make sure that her new range is controlled by a Gurney Economizer, which will save 1 ton of coal in every 6 burned in an ordinary range.

The Economizer is to the stove what the control lever is to the engine or automobile. Without control neither is efficient.

With the Gurney Economizer it is possible to quickly vary the heat of the oven. Various foods require different temperatures. The Economizer keeps this desired temperature absolutely uniform.

It also means that when cooking is over, you may have a cool kitchen and still have your fire going — while you can have the fiercest heat in a few minutes by a slight pressure on the lever.

If you possess a Gurney-Oxford your advantages are innumerable. The Divided Flue means heat for every hole on the stove. The New Special Grate guards the lowest fire. The Broiler exposes every inch of the coals.

These features are exclusively "Gurney-Oxford."

It will furnish your kitchen handsomely--it will do your work adequately.

Sunday School Lesson

By EVANGELENE

HOW THE BROTHERS "MADE UP"

June 8th, Gen. 45:7-15.

Golden Text—"Behold how pleasant it is for brethren to dwell together in unity."

Judah's torrent of passionate intercession for Benjamin went stright to the heart of Joseph. We read in the opening verse—

"Joseph could not restrain himself before all them that stood by him and he cried, "Cause every man to go out from me—and the Egyptians heard and the house of Pharoah heard".

And he said,

I AM JOSEPH

Doth my father yet live?"

"And his brothers could not answer him for they were trouble at his presence. And Joseph said to his brothers. "Come near to me I pray you

And they came near.

And he said, "I am Joseph your brother whom ye sold into Egypt and he not grieved nor angry with your selves that ye sold me hither for God did send me to preserve life. For the so two years hath the famine been in the land and there are five years in which there shall be neither plowing nor harvest, and God sent me before you to save you by a great deliverance, so now it was not you that sent me here, but God and He made me ruler over all the land of Egypt"

Torrey, in commenting upon this says, "In the story of Joseph and his brothers we have a wonderful foreshadowing of Jesus' dealing with his brethern the Jews, when He shall come again. At His first coming they rejected him, asthey did Joseph when he came to his brothers at Dothan. He was then accepted to a certain extent by the Gentiles as was Joseph by the Egyptians. "He was exalted to give repentance to Israel by forgiveness of sins." (Acts 5:31) just as Joseph was exalted to give repentance to his brothers and forgiveness of the wrongs done him. Joseph suffered but his brothers suffered more. They were conscience smitten whenever they got into trouble. They always thought it a divinely sent punishment for the treatment of their brother."

They were "troubled" when they discovered that "The Saviour of the world," "the Revealer of the Secret of Life," was the one whom they despised and rejected, and when the Jews will "look upon Him whom they have pierced they shall mourn eitsfor his only son, and shall be in bitterness for him as one that is in bitterness for his first born."

It was a dastardly crime to have betrayed a brother who had come to them loaded with blessings—but God over-ruled it for good in that it proved the salvation of many.

Infinitely more dastardly was the tragedy of all eternity but God overruled it for good in that it brought salvation to all who truly repent.

Not only has the incident a dispensational application but it is full of meaning for the individual.

Here is a man who is estranged from his Lord—as good as the most and better than a great many, but out of touch with Christ just a some of Joseph's brothers were who took no active part in the execution of their brother but who nevertheless shared the guilt of the crime. Reverses come to him—mysterious dealings of providence—man's extremity becomes God's opportunity until in the shadow of a great cloud he gropes about for a sympathetic hand and grasps God's.

Having "come near" what should be his next step?

"HASTE YE AND GO"

Go tell the good news to others that "they may be near unto me." Go to "father and thys children, and thy children's children, and say: "Thus saith Joseph come down unto me, tarry not, and I will nourish thee."

Ever since the time of Joseph has these words been so full of meaning. Never has a moment so trembling with destiny exacting such readiness and devotion ever confronted the followers of Christ as the present. The very life of our loved ones depends upon the promptness with which we avail ourselves of our present opportunity for at any moment He may cause "every man to go out" and the door be shut against all Egyptians, when He will reveal Himself

Thomas Stephens, of the Moody Institute, asks, "Suppose some one WERE TO OFFER YOU A

THOUSAND DOLLARS

for every soul that you might lead to Christ would you do for money even at the risk of ridicule what you shrink from doing now in obedience to God's command?" Would we show more haste in bringing "father and children and children's children" to the saviour of the World.

Suppose Joseph's brothers neglected from month to month and from year to year to fulfil the mission laid upon them to bring the father and the children—his children nigh to him and they had died of starvation would they not have been held responsible for their death? If the death of a body from neglect is an unpardonable crime what shall be said of the death of a soul.

What will heaven can to those who through all eternity will be unable to find a single soul whom they have persuaded to share with them the glories of heaven?

BIG ATTRACTIONS AT CALGARY

Many of the residents of this portion of the province are completing arrangements to attend the Calgary exhibition in July, and from the information which is received concerning the programme arranged for that week, there will be something doing all the time. From an exhibition point of view there is assurance of a very large display in all repartments The live stock bredders are preparing their animals for the show ring, and the reputation which Alberta has received as a stock country will be again amply demonstrated.

District exhibits and the individual displays made by some of the most successful farmers in the province will provide some very keen competitions for the premier honors. It is to be hoped that this portion of the country will be represented as the publicity that would be derived by having Wetaskiwin carry off the premier honors would be of incalculable value.

Visitors at the Calgary fair this year will be treated to one of the best arranged list of attractions which this exhibition has ever presented. Music by the 101st Highlanders' Band of Hamilton and some of the best western bands in addition to the famous Titus Grand Opera Quartette will appeal to the lovers of melody. Two diving horses, one of which takes a daring plunge into a tank of water with a lady on its back, will furnish a thrill which will be remembered. Ramona Cortez does things on a slender steel wire that the ordinary person would not attempt on a six foot sidewalk. These are only a couple of the nine big acts which will be imported for the exhibition, and in addition there are several gorgeous spectacles which will be prepared by westerners.

The bombardment of Alexandria will be presented as the principal feature in a pyrotechnic display which will excel anything attempted in the west at any fair. In addition to the fireworks there will on one night of the fair be a spectacle, of a real house in the centre of the track catching fire, and a turnout of Calgary's crack motor fire apparatus.

The racing programme provides $22,000 in prizes for saddle and harness horses, and taken as a whole those who spend their holidays in Calgary at the fair time will not want for either entertainment or instruction.

LOSES LIFE IN TRAIN WRECK NEAR STROME

J. E. Thompson, a young man of the Bowden, Alta., district, lost his life in a train wreck on the C. P. R. two miles west of Strome, at 4 o'clock May 29th.

The local freight from Wetaskiwin, in charge of conductor K. Anderson, was moving along at the rate of about 20 miles an hour and when turning the curve the wreck happened. The conductor and one of his brakemen were in the cupola and were thrown to the floor of the caboose, slightly jarred.

Engineer J. Thomas, the fireman and the other brakeman also escaped uninjured.

Three cars were wrecked—an empty car, which was evidently the first one to leave the track, a coal car and a car of settlers effects in which the unfortunate man was riding with his live stock and personal goods, with the intention of setting on a homestead near his brother in the vicinity of Cadogan.—Despatch.

NEVER NEGLECT A HEADACHE.

Headache is not a disease in itself, but is often a source of great suffering, and its presence is likely symptomatic of some disease lurking in the system.

To get rid of the headache, and thus prevent more serious troubles, it is absolutely necessary to cleanse the system of all waste and poisonous matter, and keep the bowels well open, the clogging of the bowels being one of the principle causes of headache. Burdock Blood Bitters regulates the bowels, and makes their movement free and natural. A cure for headache; a medicine that cures where others fail.

Mrs. L. Banks, Mt. Hanley, N.S., writes:—"Several years ago I was a constant sufferer from headache. I was all run down, and nothing seemed to do me any good. I read of Burdock Blood Bitters, and decided to give it a trial. The result was marvellous, the headache stopped entirely, and I feel better in every way. I can safely recommend B.B.B."

25 Cents to Stop that Itch

Does it not seem strange that so many people suffer year in and year out with eczema?

A 25 cent bottle of a simple wash stops the itch and will surely convince any patient.

This wash is composed of mild and soothing oil of wintergreen mixed with thymol and glycerine, etc., and known as D.D.D. Prescription. We do not know how long the D.D.D. Laboratories will continue the 25 cent offer, as the remedy is regularly sold only in $1.00 bottles and has never before been put on the market in Ca. nada on any special offers.

If you want relief to-night try a bottle at 25 cents on our personal recommendation.

SIR EDMUND WALKER'S ADVICE

REGARDING THE MONEY STRINGENCY

Sir Edmund Walker, president of the Canadian Bank of Commerce has been giving some advice in regard to the present money stringency. At the outset he made the remark that "Every man planning to spend money at the present time should think a little oftener and be sure that he knows where the money is coming from before he commences to spend."

Sir Edmund then got away from the purely local aspect of the money market and dealt with world-wide conditions. He claims that the curve of the world's expenditure and borrowings had crossed the curve of savings and had diverged from it. In other words the world is borrowing more than it is saving and the difference measures to the extent to which the current capital is being impaired. Unless the increased rate of interest which is now being charged curtails borrowings the rate must go still higher. Continuing, Sir. Edmund says:

"Canada is in a quite abnormal condition. While there have been depressions in other countries Canada has not had a depression since 1893 and the following three or four years The reason is immigration, and the consequent building operations. I should say that a period of depression is years overdue.

"We have been saved by an immigration equalled by no other country in relation to its population. It will be hard to secure money on any satisfactory terms for the next year or two but if we are able to get money to continue our program of building which I believe is warranted by the immigration we can stave off the period of depression.

"The important question is: are we going to be able to borrow the two hundred million dollars or so annually requires to keep up our building program? Completion of the transcontinental railways will mean that men now working as navvies will be put on the land. As a result the food stuffs which they consumed will be released for export and, in addition, these men will produce something in excess of their consumption.

"Too large a proportion of the immigrants coming to Canada has not been going on the land. The consumers of food stuffs have increased at a more rapid rate than the producers of foodstuffs. Branch building will take a considerable number of navvies but a great many will be released and be able to go on the land.

"Should the European situation become less threatening, hearded money, using that expression in the widest sense, would relieve the situation to some extent. By some means or other it is necessary to check the building operations of the world as a whole or a trouble similar to that of 1908 is inevitable. It will not require a very sudden check to bring the diverging curves to a safer relation, but something must be done.

"The German cities are making enormous demands. We have the expenditure for armaments. Backward countries are demanding money. We are doing too much with borrowed money and municipalities are the chief offenders. They undertake their improvements without first making sure that they may secure the necessary money".—Nat' West Farmer.

AN INSECT INJURIOUS TO CATTLE RAISING

Cattle raisers in almost all parts of Canada are familiar with the small lumps that appear on the backs of their animals during the winter months and from which white grubs is the larva. The opinion generally held that the eggs are laid on the backs of cattle, and when hatched work their way beneath the skin, is proved by careful investigation to be incorrect. Dr. Seymour Hadwin, is Assistant Pathologist of the Health of animals Branch of the Dominion Department of Agriculture, who has studied the subject, claims that the eggs are not laid on back but on the legs of the cattle This appears to bear out the theory that the newly hatched insects are licked by the animals and thus taken into the system and ultimately find their way to the backs where they develop beneath the skin.

The matter of chief importance to the cattle raiser is not the exact course taken by the insect within the body of the cattle beast but rather the economic effect of the grubs upon the business of cattle raising. To throw light on this phase of the subject Dr. Hadwin has written a bulletin which is numbered 16 of the Health of Animals Branch, dealing with the economic aspect of warble flies. In this it is shown that enormous losses occur each year through damage to hides caused by these insects. Tanners consulted on the subject claim that during the "grubby season", extending from January to July, from 25 to 75 per cent of hides are warbled and that about 20 per cent of Canadian hides are more or less damaged. The extent of damage is variously estimated by 16 large tanners to be from about 20 cents to $1.00 per hide; the estimate of one Ontario tanner was 10 per cent which is equal to $180,000 per annum. The author observes that the man who undoubtedly loses is the farmer; the tanner does not want warbled hides at any price and several of them testify that they buy hides only during the season when hides are not grubby. He estimates the annual loss to be between 25 and 30 per cent.

This bulletin of twenty pages, which is the first to have been issued on the subject in Canada, is helpfully illustrated. Copies will be mailed in response to applications made for it to the Publications Branch of the Department of Agriculture at Ottawa.

GOOD RICH MILK

The critical consumer of milk may give a snap verdict on the glass of "good rich milk" given him in the restaurant or at home, and may vaguely wonder what percentage of fat the milk is supposed to contain. Certain standards of richness are fixed by various countries, and by municipalities while some purchasing companies and which the milk must not fall.

The knowledge of the average test dealers also set a standard below of the herd, interesting as it is, is not as valuable to the progressive dairyman as a knowledge of what each cow's milk tests. Whether it is 2½ 3,4, 4.5, or 5.6 per cent. fat depends on various factors, and can only be ascertained after systematic sampling and testing. Such testing sometimes reveals curious facts. A pet cow whose "good rich milk" was reserved for table use was recently discarded by a farmer when cow-testing proved to his dismay that her milk was nearly the poorest in the herd.

The average test of the herd is a vital matter to every dairyman whose milk is paid at the cheese factory by the test; it is of decided importance to both creamery manager and patron when considering the by-product of skim-milk for feeding, and the loaded wagon for the cream-hauler. For two lots each of 16,500 pounds of normal milk may contain either 500 or 900 pounds of fat; one lot is scarcely the best for cheesemaking, while the other would be "good rich milk"

DOGS AND CATS

We always tax man's loving friend the dog, that's faithful to the end and six months after; and if the dog tax isn't paid we plant the bow-wow with a spud; while hideous laughter we put poor Fido in the pound or see that he is promptly drowned or else beheaded; the tax unpaid, the canine race is always liable to face a fate that's dreaded. And anger burns within our slats when thinking of the way the cats are always favored, for cats are wicked sneaking brutes, with midnight vampires in cahoots, and evil savored, they prowl around at night and steal, and on your rooftree squawk and squeal when you'd be sleeping; they always have some fiendish scheme to swipe the liver or the cream and see you weeping. They do not guard your home by night (for which good bow wows take delight) or herd the chickens; they do not strive the cows away, or work the cinnamon or pull the sleigh, but raise the dickens. They're of no use, the silly cats, except to make a bluff at rats and two-cent mouses: they should be taxed to beat the band, until they're driven from the land and from our house. It isn't fair to put the dog on the assessor's catalogue and dub the tabby, it isn't right to tax the pup and pass the ding-donged tomcat up—such treatment is shabby.—Walt mason.

A copy of The Sheffield (England) Daily Independant, of April 26th, has been received at "The Times" Office with a 32 page Canadian Supplement which deals particularly with the advantages of Western Canada.

Comfort Your Stomach

We pay for this treatment if it fails to promptly relieve Indigestion and Dyspepsia.

Rexall Dyspepsia Tablets remedy stomach troubles because they contain the proper proportion of Pepsin and Bismuth and the necessary carminatives that help nature to supply the elements the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

Carry a package of Rexall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and prove our assertion that they will keep indigestion from bothering you.

We know what Rexall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia, or to refund your money, if they fail to do so. Doesn't it stand to reason that we wouldn't assume this money risk were we not certain Rexall Dyspepsia Tablets will satisfy you? Three sizes, 25 cents, 50 cents, and $1.00.

You can buy Rexall Dyspepsia Tablets in this community only at our store:

The Rexall Stores are America's Greatest Drug Stores

NEXT TO CONSUMPTION

THERE ARE MORE DEATHS From PNEUMONIA Than Any Other Lung Trouble.

Pneumonia is nothing more or less than what used to be called "Inflammation of the Lungs."

Consumption may be contracted from others, but as a rule pneumonia is caused by exposure to cold and wet, and if the cold is not attended to immediately serious results are liable to follow.

There is only one way to prevent pneumonia and that is to cure the cold on its first appearance.

Dr. Wood's Norway Pine Syrup will do this for you if you will only take it in time.

Dr. Wood's Norway Pine Syrup contains all the essence and lung healing powers of the famous Norway Pine tree.

Mr. Hugh McLeod, Esterhazy, Sask., writes:—"My little boy took a very severe cold, and it developed into pneumonia. The doctor said he could not live. I got some of your Dr. Wood's Norway Pine Syrup, and he began to improve. Now he is a strong healthy child, and shows no sign of it ever coming back."

The price of this remedy is 25 and 50 cents per bottle. It is put up in a yellow wrapper; 3 pine trees the trade mark, and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

The Churches

EV. LUTHERAN—ZION CONGREGATION

Holy communion next Sunday, June 8. Confessional service at 10.15, main service at 10.45. Immediately after services next Sunday June 8, there will be a congregational meeting mainly to consider plans for the inside decoration and painting of the church.

On June 15, the Rev. Bertram, of Bismark, will occupy the pulpit of Zion church, preaching German in the forenoon and English in the evening.

School will be dropped on June 14 and 21., the pastor being absent, going to St. Paul to attend the sessions of Synod.

SALVATION ARMY

Sunday meetings: 7 a. m, Holiness meeting . 3 p. m. Young people's meetings 8 p. m. Salvation meeting.

Week night meetings: Monday, Salvation meetings. Tuesday: B nd practice. Wednesday,: Soldiers meeting. Thursday, Salvation meeting. Friday Holiness meeting. Saturday: Free and easy meeting all at 8 p. m.

Everybody welcome.

On June 17. The Band will give a musical evening, to be held on the lawn behind the barracks. Watch paper next week for further particulars.

Public Salvation Army Wedding.

A very interesting Army wedding will be conducted by Major McLean of Winnipeg in the Salvation Army barracks, Lorne St. on Wednesday June 11th at 8 p. m. A silver collection will be taken at the door.

METHODIST.

Union services of the Methodist and Presbyterian congregation will be held in the Methodist church on Sunday next at 11 a.m., and 7.30 p.m., conducted by Rev. A. R. Aldridge, B. A. B.D..

Rev. A. R. Aldridge returned from the Conference at Medicine Hat on Wednesday. According to the final draft of stations, Rev. W. L. Bradley B.A., B.D., of Sedgewick, comes to Wetaskiwin, while Rev. Aldridge is transferred to Edmonton North. The ministers assume their new duties the first Sunday in July.

ROMAN CATHOLIC

A procession took place on Sunday last at five o'clock in the afternoon at which over two hundred people attended or beheld the ceremony. The decoration at the repository, the hymns that were sung, the musical strains of the mandolins ann violins, the silence and orderly demeanor of the congregation entertained an atmosphere of recollection and piety, but above all, , the boys and girls spreading flowers on the passage of the Blessed Sacrament sensibly impressed the belief of the Roman Catholics in the real presence of our Lord in the Eucharist. In the evening Mrs. A. G. Gross entertained the Indian musicians from Hobbema.

Town Topics

The vital statistics for the month of May, as recorded by the registrar, were as follows: Born, 7; married 6; died 3.

W. W. Sharpe left by auto on Saturday for Hardisty and he was accompanied as far as Wetaskiwin by Mr. and Mrs Page. They arrived home again on Monday, Mr. Sharpe's mother and Miss Taylor returning with them.—Independent.

Barnes Animal Circus played in Wetaskiwin Monday to good crowds.

The array of animals, especially trained animals was perhaps the best ever seen here, and displayed wonderful and daring resources, and tireless training. It is one of the sights of a lifetime to see the remarkable work done by the wild animals.

It would be a good thing if everybody about town would brighten up their houses like those we see painted with Ramsay's Paints. There is just that refinement and quality in Ramsay's Paints you can't get in any other. Ask Asp Bros Wetaskiwin, Alta., to show you Ramsay's Colors Colors which are used so extensively all over Canada.

The petition for a general closing of stores and places of business on Wednesday afternoon, during the months of June, July and August has been generally signed. No opposition has been manifested and it is practically certain that the weekly half holiday will be adopted by all merchants and business men whose circumstances will allow them to do so—MacLeod Advertiser.

Edmonton, Alta., June 2—The first passenger train to cross the new high level bridge left the south side station at 9 o'clock this morning. On the train were the local officials of the C.P.R. and several prominent men of the city. On Sunday June 15, the first regular service of trains will commence when the track will be laid to the north side station. Sixteen train are scheduled to cross the river each day.

Calgary, June 4.—The conservatives have announced their intention of not opposing Hon. Mr. Mitchell in the election in Bow Valley, and Mr. Mitchell will get the seat by acclamation on Thursday of next week, which is nominatin day. Mr. Mitchell, who is minister of public works and acting premier of the province, was defeated by a narrow majority, and Geo. Lane vacated the seat in Bow Valley to make room for him.

Dated a at Wetaskiwin this 19th day of May, 1913.

Suffered With Kidney Trouble For Ten Years.

Those who have never been troubled with kidney trouble do not know the suffering and misery which those afflicted undergo.

Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Doan's Kidney Pills go right to the seat of the trouble, and make their action regular and natural.

Miss Mary Daley, Pennfield Ridge, N.B., writes:—"I now take great pleasure in expressing myself for the benefit I have obtained from your wonderful medicine, Doan's Kidney Pills. Having been a sufferer with kidney trouble for the last ten years, and having spent hundreds of dollars in the so-called 'Quack' cures, from which I derived no benefit whatever, and after having been advised to try Doan's Kidney Pills, I at once purchased a box, and from the first obtained relief, and after having taken five boxes am now completely cured."

Doan's Kidney Pills are 50 cents per box, or three boxes for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering specify "Doan's."

RHEUMATISM KEPT HIM IN BED

Suffered Tortures Until "Fruit-a-tives" Cured Him

McMILLAN'S CORNER, ONT., SEPT. 30th, 1910

"Your remedy, "Fruit-a-tives" is a perfect panacea for Rheumatism. For years, I suffered distressing pain from Sciatica or Sciatic Rheumatism, being laid up several times a year for days at a time. I went to different doctors who told me there was no use doing anything—it would pass away. They gave me mustard plasters and other remedies that did no good. Plasters took no effect on me—except to blister me and make raw spots. I took many advertised remedies without benefit, but fortunately, about two years ago, I got "Fruit-a-tives" and they cured me.

Since then, I take "Fruit-a-tives" occasionally and keep free of pain. I am satisfied "Fruit-a-tives" cured me of Rheumatism and they will cure anyone who takes them as directed. If this letter would be of value to you, publish it." JOHN B. McDONALD.

Indeed, this letter is of value to us and to the thousands of sufferers from Rheumatism, Sciatica, Lumbago and Neuralgia. It points the way to a certain cure. 50c a box, 6 for $2.50 trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

MAJORITY IN SENATE ASKS REFERENDUM ON NAVY BILL

Ottawa, May 29.—By a vote of 51 to 27, the Canadian senate at 12:30 to night declared that the naval bill should be referred to the Canadian electors. A large crowd was in the galleries to witness the final proceeding. A great many members of the house of commons were among the number. There was no demonstration o any kind and the vote was taken in absolute silence.

The question now is, what will the government do about the Naval bill? The senate has rejected it, insisting that the government must get a mandate from the people before the bill becomes law.

The defeat of a bill by the senate does not make the resignation of the government necessary. The senate has already defeated two or three government bills sent up to the senate. The senate represents no class of people or any province or section at the people. Its function, if it has one, is to check hasty or ill-considered legislation. The senators concluded that this bill, involving such a wide departure in principle and such an amount of money, should not be passed until the people clearly sanctioned such a policy. If the people should sanction the bill, the senate of course could not reject it again.

Four courses are now open for the government.

1. To accept the advice of the senate and go to the country. That seems the most improbable. A government which would violate the rules of the house, in order to batter through this legislation backed by its solid majority, just in order to avoid submitting the question to the people, is not likely to go to the country because the senate says so. The government is not quite ready for an election. The government cannot go to the country without a redistribution of seats, and does not care to make a redistribution of seats until the senate has become Conservative, which will be in about two years.

2. Submit the question to the people in the form of a referendum. That was the suggestion of Mr. Monk, and is favored by the Quebec people. There are certain objections to such a plan. There is the Borden policy, the Laurier policy, and the policy of no naval contribution of any kind, and many variations of each which would find some support. It is doubtful if any one of these three would get a clear majority of the Canadian people.

3. The third course is for the commons to work some change in the senate. That would be very difficult and could not be done very effectively without the assistance of the Imperial parliament.

4. The fourth and most probable course is for the government to drop the bill, for the present at least, and take it up if desirable at some future time. The government has submitted a Tariff Commission bill and a Highways bill to the senate. Both were rejected. The commons dropped the former but presented the Highways bill a second time.

This last course is the most probable. At one time, early in the session it was thought that the government intended to work the bill through the commons and have it beaten in the senate, and then go to the country, making the most of the unpopularity of the senate. But after the extraordinary efforts of the government with the closure, and all that, the action of the senate is no more or less unpopular than the Liberal policy in the commons. In an election the question at issue would not be the action of the senate, but the policies of the party.

The policy of the government should develop in a few days.

METHODISTS STRONG FOR ORGANIC UNION

Medicine Hat, June 2.—That the people of the west are not willing to have any unnecessary delay in bringing about the union of the Methodist, Presbyterian and Congregational churches was amply demonstrated by the resolution which was introduced in the Methodist conference this afternoon, being moved by W. G. Hunt of Calgary and seconded by Rev. C. H. Husentis, Red Deer. The resolution reads as follows:

"That whereas church union among Methodists, Presbyterians and Congregationalists, has now been under discussion for several years, and, whereas, looking forward to the union, cooperation has been most effective and satisfactory in many places, and whereas at the present time there seems no longer to be any need or advantage of distinguishing denominational lines in western Canada; be is resolved that this Alberta conference memorialize the general conference special committee to take such steps with the various church courts as will lead to the immediate establishment of a united church (on the proposed basis) in Canada west of the great lakes.'

ALBERTANS MAY START FOX FARMS AT CAMROSE

Fox farming is the latest branch of agriculture that is occupying the attention of several farmers in Alberta. Messrs. Steve Peacock and L. N. Wade of Camrose, two prominent farmers have decided to go in almost exclusively for this novel branch of farming and they are both confident that the venture will be a successful one from a financial point of view.

Already Messrs Wade and Peacock have imported a very interesting colony of the sly little creatures, and they had just arrived and are kept in an inclosure north and west of the C.P.R., near the municipal gravel pit.

"The fox farm had its origin in the trip which Mr. Peacock made to New Brunswick last winter. Here he stayed with Hasbrother, who runs a large fox breeding establishment, and he ascertained that some of the best black and silver fox foxes were imported to the east from northern Alberta. The idea of operating a fox farm in this province then struck Mr Peacock forcefully, and on his return to Camrose he interested Mr. Wade in the scheme, with the result that the first and only fox farm in Alberta is now in existance."

LIVE STOCK

Some 10,000 head of Mexican cattle are to be shipped north for delivery o Alberta cattlemen soon, according to reports from some of the best authorities. The Dominion Government has sent a veterinarian to Mexico to test the stock so that it may be shipped stright through without unloading and inspecting twice. Last year's venture with Mexico cattle has been so satisfactory to our big ranchers that they have decided to get another consignment. Though they were keen for a big bunch of these Mexican cattle again this year, it looked for a time as though it would be impossible to bring them out of Mexico with the country in its present state of turbulence, though an order had lasted for some months.

The U. S. cattlemen have silenced their objections to free cattle, but they don't especially like the free meat idea that is asked by President Wilson. Free meat will boom the Canadian packer's game, they say, Montreal and Toronto getting the Canadian cattle on the hoof, slaughtering them and competing for the New York and eastern U.S. markets. This would be the situation were cattle put at 10 per cent and meats made free, though both free meats and cattle would give the corn belt states cattle to finish on corn. On the other hand, Canadian packers would be deprived of young stock, and their business would be hit with such an arrangement. Whichever way they make the tariff, it looks pretty good to Canadian cattle growers.

WAS SO NERVOUS COULD NOT EAT OR SLEEP.

There are many people who become worn, weak and miserable because their nerves become so unstrung they cannot sleep, and wherever there are ones troubled in this way they will find that Milburn's Heart and Nerve Pills will restore the deranged nerves to full life and activity.

They do this by their invigorating effect on the nerve centes, and will tone up the whole system to a perfect condition.

Mr. George McBeath, Round Hill, N.B., writes:—"I take the pleasure of writing to tell you the great benefit Milburn's Heart and Nerve Pills did for me. I was so nervous I could not eat or sleep, and could not even do my work, and I failed to a shadow. Finally I consented to try Milburn's Heart and Nerve Pills, and have only taken two boxes, and am able to work as well as ever, and can eat and sleep as well as ever I did. I can't praise your medicine too highly. My wife is taking them now for palpitation of the heart and is improving greatly."

The price of Milburn's Heart and Nerve Pills is 50 cents per box, 3 boxes for $1.25.

For sale at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

FOR SALE BY H. L. HIGGS

For Hair Health

If Rexall "93" Hair Tonic does not improve the health of your scalp and hair, we will pay for what you use during the trial.

We could not so strongly endorse Rexall "93" Hair Tonic and continue to sell it to the same people if it did not do all we claim. Should it not prove entirely satisfactory our customers would lose faith in us, we would lose their patronage, and our business would suffer.

If your hair is falling out or you suffer any scalp trouble, we believe Rexall "93" Hair Tonic will do more to eradicate the dandruff, give health to the scalp, stimulate new hair growth and prevent premature baldness than any other human agency.

We want you to make us prove this. We ask you to risk no money whatever. Buy a bottle of Rexall "93" Hair Tonic, use it according to directions for thirty days; then if you are not entirely satisfied, come and tell us and we will promptly hand back the money you paid us for it.

We won't ask you to sign anything, nor even to bring the bottle back. We won't obligate you in any way. We will take your mere word. Could anything be more fair? Could we do anything more to prove our belief in Rexall "93" Hair Tonic, and our honesty of purpose in recommending it to you?

Rexall "93" Hair Tonic is as pleasant to use as spring water and has but a faint, pleasing odor. It comes in two sizes of bottles, 50c and $1.00. You can buy Rexall "93" Hair Tonic in this community only at our store:

NECROLOGY

Several Old-Timers of the District Called Home During the Past Week.

GEORGE GREINER

Mr. George Greiner, well known and highly respected citizen of Lewisville, Alberta, Canada, Died at his home Friday evening May 30th 1913 at Eight Thirty. Mr. Greiner was born in Winningen, Bavaria, Germany March 30th 1843. Where he resided until 1863 when he came to America and located near Keota, Keokuk, County Iowa. November 18, 1865. He was united in marriage with Miss Mary Lutz. Mr. Greiner with his family was an active worker in the Roman Catholic Church, and the success of religious efforts was his delight. In 1907 Mr. Greiner, with his family came to Canada. Where he resided until his departure from this life.

Funeral services were conducted in the Roman Catholic Church of Wetaskiwin, where all rights of the church were contributed to his unceasing faith. His body was then laid to rest in the Roman Catholic cemetery. To know him was to esteem and respect him. The deceased leaves to mourn his loss a sorrowing wife—Mrs. Mary Greiner, ndaughter, Miss Mae Greiner two sons, P. L. Greiner and Antonio Greiner who desire that tnanks be extended to their many friends for the sympathy and kindness shown in this hour of bereavement.

MRS. A. K. SCOTT

On Monday of this week, Mrs. A. K. Scott was called to her long home after an illness lingering over 3 years. She was in her sixty-third year and was a native of Scotland, but came to Canada in 1873 and resided at Ottawa until ten years ago she came west, and took up her residence in Wetaskiwin. She soon won a host of friends who deeply regret her departure. Deceased leaves, besides a husband, a family of five sons and one daughter, namely, William, James, Richard, Victor Harry, and Mary, all of whom are resident of Wetaskiwin, excepting James, who is now employed at Edmonton. The funeral took place from the residence of her son William, Lorne Street, on Wednesday afternoon, the internment being in the Wetaskiwin cemetery. A large number of friends were present to pay their last tribute of respect to the departed.

WENZEL KADLEC

The many old-timers of this district regret to learn that Wenzel Kadlec departed this life at the home of his son, Frank, near Falun. on Friday last. He was aged 77 years and 8 cause of the demise. He was a nati-months, and old age is given as the ve of Bohemia, but moved to the state of Iowa forty-three years ago. He resided in the states for twenty-eight years, moving to the Wetaskiwin district fifteen years ago, where he took up land. His wife pre-deceased him twenty-three years ago last autumn. He had a family of three sons and three daughters, all of whom are living. The funeral took place from the residence of his son, Jacob, Wetaskiwin, on Monday afternoon last, the internment taking place in the Wetaskiwin cemetery. The host of friends of the family join in extending the deepest sympathy in their irreparable loss.

MRS. T. A. WATERSTON

The many friends of Mrs. T. A. Waterston were surprised to-day to learn that she had passed away just before the hour of midnight last night. Although she had been in poor health for some time, yet no one expected the end so soon. She was in her forty-first year. The funeral will take place from the residence, Stanley street, on Friday afternoon, June [illegible] kiwin cemetery for internment.

MICHAEL ZIMMERMAN

Another old-timer, in the person of Michael Zimmerman, passed away on ness with cancer of the stomach. He was a native of Hungary, and arrived in the some years ago and took up land six miles west of the city. The funeral took place on Sunday afternoon, the remains being laid to rest in the Roman Catholic cemetery Wetaskiwin.

APPLEBY

Mr. and Mrs. Appleby, who recently arrived in the city from the states, are receiving the deepest sympathy in the loss they sustained on Monday, when their four year old daughter was taken from them after a short illness of pneumonia. The funeral took place on Tuesday, the remains being laid away in the Wetaskiwin cemetery.

PLOUGHING RECORD IN ALBERTA

Lethbridge, May 28—Seventy-five acres of land, ploughed eight inches deep, in one day is absolutely a record, for this part of the country at least. But the feat was ctually accamplished out at Chin yesterday on the farm of J. C. Bass. The work was done in one shift, too, with a 32-horse power steam engine and outfit, consisting of a twelve bottom gang plow.

BORN

MARKER.—In Wetaskiwin on the 29th ult., to Mr. and Mrs M. Marker, a daughter.

IN THE DISTRICT COURT OF THE DISTRICT OF WETASKIWIN

In the matter of the estate of Albert Alanzo PETIT late of the City of Atlantic, in the State of Iowa, in the United States of America, deceased.

NOTICE is hereby given that all persons having claims upon the Estate of the late Albert Alanzo Petit, who diedon the 3rd day of October, 1912, are required to send to the undersigned on or before the 7th day of July 1913, a full statement of their claims and of any securities held by them duly verified, and that after that day the Administrators will proceed to distribute the assets of the estate among the parties entitled thereto having regard only to the claims of which notice has been filed with the undersigned.

Dated at Edmonton, this 2nd day of June 1913.

Town Topics

Mrs. John T. Watson, Fourth St. North, was the guest of Mrs. James Watson, Wetaskiwin, over the holiday.—Red Deer Advocate.

The Ladies Hospital Aid Society are busy preparing for their annual Tag Day, which is on Tuesday of next week. The tag this year will be a bunch of violets.

It is poor policy to expect to make your wealth from the people of the town in which you live and give only Eaton's the opportunity of deriving a profit from you.

Geo. Cowan of Scotsown, Quebec, was in the citS last week visiting his old friend, C. C. Bailey, and at the same time looking over the district with a view to locating several families.

A word of warning is given to the auto drivers, who have been speeding on some of the city's streets contrary to the by-laws of the city, that if this is continued they will be called upon to explain their actions before the J.P. Several serious accidents have been narrowly averted.

To kill house flies, try exposing a saucer containing 15 parts water or water and milk in equal parts) and 1 of formalin, in the centre of which is to be placed a crust of bread sprinkled with sugar. This is said to be very attractive to flies. They come to the saucer and die all around it. Measure the proportions of water and formalin with a teaspoon.

At the suggestion of the Medicine Hat board of trade, 125 representative citizens last week met to consider the formation of a Canadian club, and also of a board of trade building in Medicine Hat. Both proposals were enthusiastically received, and a committee was appointed to take the matter up.

The Railway Commission, sitting in Edmonton on Tuesday afternoon amidst a press of weightier business found time to attend to the plea of the humane inspector and the live stock commissioner for water in the stock yards at the C.P.R. and C.N.R depots and the G.T.P. yards. A strong case was laid before them, and they directed that the work should be carried out.

We cordially invited you to call and inspect our New Stock of
